Dear Micky Ng,

As our collaboration is coming to an end, we want to take thank you and your colleagues for an extremely well organized meeting in Kuala Lumpur. For our part it has been a great pleasure working together with you and we must admit the level and quality of your service went far beyond our expectations when we compare with companies we have worked with prior to this meeting.

The feedbacks from the participants are very positive as well. They enjoyed the stay in Kuala Lumpur and your professional service and help.

In a few words: Our meeting was a great success. The success we encountered is for a great part due to the professional and smooth organization of it. Thus you have a great and important part in our success.

Summing up, there is no doubt that we will recommend you and your company to all our business associates planning meetings in Malaysia or vicinity.

Best regards,
